**Aloe Vera & Vitamin E extracts**  
Keeps skin moisturized & hydrated

**neuDOLPHIN**

**neuDolphin** personal moist wipes are made from texture-like fluff pulp that is gentle and soft to your skin. It is dermatologically tested to be safe for use with all skin types with anti-bacterial properties that kills 99.99% of bacteria. Each wipe is pH balanced and contains aloe vera & vitamin E extracts to keep your skin moisturized and healthy. It is alcohol free and suitable for frequent uses.

The wipes are ideal for personal use in hospitals, nursing homes, childcare centres, schools and other institutions.

Gentle enough for everyday use, the wipes are alcohol free, fragrance free and contains aloe vera and vitamin E extracts to keep your skin moisturized and soft.

It can be disposed into suitable waste bin or directly into the macerator along with other medical pulps, preventing the risk of cross contamination and infection.
